

List of Standards recognised as equivalent of „Bez GMO“ Standard

Commodities and feed association (SKK) has recognised the following standards as equivalent to the „Bez GMO“ Standard.

An additional certification of the respective product (feed or food/ingredient, additive, processing aids), animal or feed by the “Bez GMO” Standard is not necessary if it is certified according to the standard.

Name of the Standard	Certification stages	Seals of the Standard*
<p>VLOG - “Ohne Gentechnik” Production and Certification Standard</p>	<p>Feed Manufacturing</p> <ul style="list-style-type: none"> • Manufacturing/Processing • Mobile Grinding and Mixing Facilities <p>Logistics</p> <p>Agriculture</p> <ul style="list-style-type: none"> • Animal production • Animal trade/transport <p>Food Processing/Preparation</p>	<p>„VLOG geprüft“/„VLOG verified“ for feed:</p>  <p>„Ohne GenTechnik“ for food:</p> 
<p>*Use of the seal is only permissible with the approval of VLOG. The specific usage is governed by a licence agreement between each licensee and VLOG. The basis for this agreement is certification of compliance with the VLOG-Standard or a standard recognised as its equivalent.</p>
